CONTENTS

Contents 3

Stress-Induced Antinociception and GABAergic Mechanism. *M. R. Zarrindast and M. Sabetkasai* 5

Morphine Analgesia in Normal and Alloxanized Mice. *O. T. Ginawi* 13

Tolerance to the Increase in Coronary Blood Flow Induced by KRN2391. *S. Kaneta, Y. Jinno, K. Harada, H. Fukushima and N. Ogawa.* 21

Comparative Cardiovascular Effects of KRN2391 and Other Coronary Vasodilators in Anesthetized Open-Chest Dogs. *N. Ogawa, S. Kaneta, Y. Jinno, H. Kasai, K. Nishikori and H. Fukushima* 36

Effects of Nipradilol on the Microvascular Tone of Rat Mesentery: Comparison with Other β-Blockers and Vasodilators. *H. Araki, M. Itoh and K. Nishi.* 47

Free Radical Scavenger Mechanisms in Experimentally Induced Ischemia in the Rabbit Heart and Protective Effect of Verapamil. *M. Dikshit, M. H. M. Van Oosten, S. de Graff and R. C. Srimal* 55

Effects of Nimodipine and Nicergoline on Cerebrovascular Injuries Induced by Activation of Platelets and Leukocytes *in Vivo*. *S. Akopov, A. Ghazarian and E. Gabrielian* 66

Inhibition of Myocardial Na^+-K^+-ATPase Activity by Bretylium: Role of Potassium. *N. Dzimiri and A. A. Almotrefi* 76

Drug-Induced Modulation of Endothelin-1 Effects on the Tone of Electrically Stimulated Rat Vas Deferens. *R. Radomirov and V. Mutafova-Yambolieva* 86

Enhancement by Cimetidine of Neuromuscular Paralysis Induced with Atracurium in Rats. *Y. Mishra and I. Ramzan* 97

Evidence for a Differential Release of Nitric Oxide and Vasoactive Intestinal Polypeptide by Nonadrenergic Noncholinergic Nerves in the Rat Gastric Fundus. *G. E. Boeckxstaens, P. A. Pelckmans, J. G. De Man, H. Bult, A. G. Herman and Y. M. Van Maercke* 107

Protective Effect of Morphine on Ethanol-Induced Gastric Lesions in Rats: Are ATP-Dependent Potassium Channels Involved? *S. A. Bhounsule, R. S. Diniz D'Souza and V. G. Dhume.* 116
